MCRD PARRIS ISLAND

SPILL PROCEDURES CHART

ENVIRONMENTAL DIVISION

IS THERE AN IMMEDIATE THREAT TO HUMAN HEALTH OR THE ENVIRONMENT (ENTERING A STORM DRAIN OR WATERWAY)?

EMERGENCY — YES

NO

IS THE SPILL TOO LARGE FOR YOU TO CONTAIN AND CLEAN UP YOURSELF

EMERGENCY — YES

NO

IS THE SPILLED MATERIAL UNKNOWN OR TOO HAZARDOUS TO HANDLE WITH AVAILABLE PROTECTIVE EQUIPMENT?

EMERGENCY — YES

NO

IS THE SITUATION A NON-EMERGENCY, BUT YOU FEEL YOU MAY NEED ASSISTANCE IN CLEANING UP THE SPILL?

NON-EMERGENCY — YES

NO

MOVE TO A SAFE DISTANCE AND CONTACT PARRIS ISLAND FIRE DEPARTMENT IMMEDIATELY:

911 or 843-228-3637

Report the following information:

- Location of spill.
- Quantity and type of material spilled.
- Your name and phone number.

Gather spill data to complete information needs on the MCRD Parris Island Spill Report Form.

Do the following only if you have adequate training to do so without risk to your own personal safety:

- Evacuate personnel to a safe distance.
- Stop the material from spilling (shut off valves, turn drum upright, etc.).
- Contain the spill with available spill response equipment (absorbent socks, booms, sand bags, etc.).
- Divert the spill to an area where it will cause less harm using dikes or berms.
- Stand by to direct emergency response personnel when they arrive.

CONTACT THE ENVIRONMENTAL DIVISION TO REQUEST ASSISTANCE AT:

843-228-3102

After Hours/Weekends:

843-228-2191

Report the following information:

- Location of spill.
- Quantity and type of material spilled.
- Your name and phone number.

Gather spill data to complete information needs on the MCRD Parris Island Spill Report Form.

Depending on the situation, one or both of the following may happen:

- You may be given advice on how to clean up the spill; or
- A representative from the Environmental Division may be sent out to conduct, oversee, or assist in the cleanup operation.

CLEAN UP THE SPILL

If the spill is small, has not contaminated any open water, reached a drain, or contaminated significant quantities of soil and you are fully aware of how to protect yourself and surrounding personnel from all hazards associated with the material, then do the following:

1. Collect all spilled material in a properly labeled, approved waste container.
2. Clean all surfaces or objects that have been contaminated by the spilled material.
3. Collect all disposable, contaminated objects and cleanup materials and place in a properly labeled, approved waste container.
4. Contact the Environmental Division at 843-228-3102 to coordinate the disposal.

Consult Safety Data Sheet (SDS) and/or Standard Operating Procedure for the particular Hazardous Material/Waste for more information.

Note:

- These instructions are intended to give general guidelines only.
- For more information, contact the Environmental Division at 843-228-3102
- If you are uncertain what to do, treat the situation as an emergency.
